SHOP LOCAL: It Is Important To Us All! Local merchants offer the convenience of shopping in our hometown. With the increased use of internet shopping sites, local merchants have felt more than their fair share of the impact. Our support of one another is imperative. Our encouragement of others to shop locally is extremely important to us all! Remind guests, employees, family and friends to help our local economy. Shopping locally allows each dollar to turn over seven times with the local economy. Local merchants and service providers are not only convenient but they are our family, friends and neighbors. They provide jobs in our community and keep our town viable. Before searching the web or going elsewhere, think about these points when deciding where you and your family will do business: Have they bought ads in your school or club yearbooks or tickets to your activities? Have they donated items to local organizations to support fund-raising efforts? Have you ever noticed their names as sponsors of local community events or as donors of door prizes for non-profit events? Have they ever put up community event posters in their storefront windows or sold tickets to the raffles or events? If you answered YES to any of these questions, the local business needs you, members of our community, to support them. Please remember throughout the year to support the businesses that support your community.
