**NOTICE OF PUBLICATION OF CATEGORICAL EXCLUSION HILL COUNTY, MONTANA**  
SRF # C302249  
HILL COUNTY RSID 22 LIFT STATION IMPROVEMENTS  
January 2, 2018

The Montana Department of Environmental Quality has reviewed the above-named project. The project consists of replacement of the existing wet well/dry well lift station with a new packaged submersible lift station, plus installation of an emergency generator, improved controls, and security fencing at the site. The RSID 22 lift station was prioritized for replacement in a June 2017 Preliminary Engineering Report (PER). The existing lift station has been very problematic for the district, with a high frequency of lift station failures that resulted in multiple sewer overflows of raw sewage into basements. Power to the lift station is unreliable and there is currently no backup power generation provided. In addition, the pumps and controls have reached the end of their useful life and are in need of replacement. Pursuant to ARM 17.40.318, the Department has concluded that the proposed project meets the Categorical Exclusion criteria of the National Environmental Policy Act (NEPA) and the Montana Environmental Policy Act (MEPA). The Categorical Exclusion may be revoked if the project is not initiated within the time period specified in

Legals

the Preliminary Engineering Report, a new or modified application is submitted, new evidence demonstrates serious local or environmental issues exist, or state, local, tribal, or federal laws are violated. The documentation for the Categorical Exclusion is available for public review at the following locations: Department of Environmental Quality State Revolving Fund Loan Program 1520 East Sixth Avenue Helena, MT 59601

Hill County Courthouse 315 4th Street Havre, MT 59501
