Legal Notice

Notice of Availability of a Draft Environmental Assessment for a Proposed Multi-Quarry Permit for Hill County

T.P. Construction, Inc., has filed an application with the Department of Environmental Quality for a multi-quarry operating permit under the Metal Mine Reclamation Act. The operating permit would authorize the quarrying of igneous rock (shonkinite and volcanic rock) at two locations. The Beaver Creek quarry site is located about six miles south of Havre, MT in Section 31, Township 32 North, Range 16 East with a plant site located in Section 1, Township 31 North, Range 15 East in Hill County. The Waid Quarry and plant site is located about 8 miles southeast of Havre, MT in Sections 2 and 3, Township 31North, Range 16 East in Hill County.

T.P. Construction currently quarries rock at the two sites and needs an operating permit due to proposed expansions of the sites. T.P. Construction proposes to disturb approximately 20 acres at the Beaver Creek Quarry and plant site and approximately 17 acres at the Waid Quarry and plant site. The crushed rock, about 50,000 cubic yards in total per year, would be used for rip rap, railroad ballast, and other purposes. The sites are on private land and would employ up to 18 people.

Copies of the draft environmental assessment (EA) can be reviewed at DEQ offices at 1520 E. 6th Ave., in Helena, MT. The comment period on the draft EA will end on April 30, 2019. The draft EA will also be posted on the DEQ

MAY THE ROAD RISE TO MEET YOU.
MAY THE WIND BE ALWAYS AT YOUR BACK,
MAY THE SUN SHINE WARM UPON YOUR FACE,
THE RAINS FALL SOFT UPON YOUR FIELDS,
AND UNTIL WE MEET AGAIN,
MAY GOD HOLD YOU IN THE HOLLOW OF HIS HAND.

When I come to the end of the road and the sun has set for me. Do not shed tears my family and friends, only cry for a soul set free!

Miss me a little-but not with your memories once shared, me go.
