### NOTICE OF EXPLANATION FOR FLOODPLAINS AND/OR WETLANDS

Date of Publication of Notice April 28- May 7  
The County of Hill in Montana intends to undertake a project located in the 1DO-year floodplain and/or wetland in North Havre. The project involves an upgrade to the existing and outdated RSID 21 submersible type lift station.

The Proposed project will involve the construction of a packaged submersible lift station, with an above-ground enclosure for controls and a small area for the backup generator enclosed in new security chain link fencing. All improvements will occur at the location of the existing lift station with a slightly larger imprint.

Failure to provide the rehabilitation and flood proofing assistance would result in unsafe and unhealthy living

conditions for approximately 48 residential sewer service hook-ups in North Havre living in this RSID designated area. The age, condition, and increasing maintenance problems with the lift station pose a concern for the residents and Hill County. In addition to updated pumps and replacement of corroded metal pipes and fittings, the updates to RSID 21 will include updated electronic and alarm systems, back-up power to the lift station and mitigate ground water infiltration and exfiltration within the concrete wet well.

It is Hill County's judgment that the proposed improvements outweigh consideration of Executive Order 11988. As part of this construction project, the potential impacts on the surrounding environment have been evaluated and provisions made to mitigate any negative impacts. Land use within the project area of RSID 21 is primarily low-density residential within an area of mixed-grass prairie land. No impacts on land resources are anticipated because proposed construction will occur within previously impacted areas.

A more detailed description of the project and the FEMA flood maps are available for citizen review at Hill County Courthouse Commissioners Office 315 4th Street in Havre Montana, Monday-Friday 9am 5pm.

Comments will be received until May 7, 2021.

### PRACTICE DEMOCRACY. READ YOUR LEGAL NOTICES. THEY'RE CRUCIAL TO DEMOCRACY.

The reason publication of legal notices is required in newspapers is YOU, the citizen. In a Democracy, the government is required to inform you of the public business, because you and your neighbors are the basis for government. These notices provide essential information about all local government entities, including schools, cities, villages, and counties. A Democracy is a system of checks and balances. Your right to know and be informed is a check on government. Public notices shed light on the actions of all governmental bodies, but it's up to you, the citizen, to read them and obtain more information if necessary about the actions that impact you.
