Construction of the Gardipee tank will include installation of approximately 0.38 miles of water line to connect to existing 12" services and construction of a 0.15-mile new access road off Laredo Road. Additionally, a new source water well will be sited, drilled, and developed as an additional water source that will provide water to the Reservation water system. Site pipe connections, electrical, and instrumentation/control systems will be installed to fully integrate the new well into the reservation water system. Approximately 0.14 miles of pipeline and electrical conduit will be installed to connect the well to existing services near Laredo Road. The estimated project funding is: \$817,725. The project location is: Rocky Boy's Indian Reservation- Section 6, Township 29N, Range 15E, and Section 31, Township 30N, Range 15E.

PRACTICE DEMOCRACY. READ YOUR LEGAL NOTICES. THEY'RE CRUCIAL TO DEMOCRACY.

The reason publication of legal notices is required in newspapers is YOU, the citizen. In a Democracy, the government is required to inform you of the public business, because you and your neighbors are the basis for government. These notices provide essential information about all local government entities, including schools, cities, villages, and counties. A Democracy is a system of checks and balances. Your right to know and be informed is a check on government. Public notices shed light on the actions of all governmental bodies, but it's up to you, the citizen, to read them and obtain more information if necessary about the actions that impact you.
