EMPLOYMENT

Full Time

Nurse Education Program Director

Aaniiih Nakoda College (a Tribally-controlled community college located on the Fort Belknap Indian Reservation in northcentral Montana) is seeking a hands-on, creative and compassionate nurse educator to guide the *Grow Our Own* Associate Degree Nursing Program. A succession and mentorship plan are in place for an effective orientation and transition period of the new program director. In 2015, the nursing program was established from the vision of the community and the Aaniiih and Nakoda Tribal elders to provide culturally safe nursing care for the community in and around the region. The program has prepared 26 graduates serving area healthcare facilities, attesting to the success of the program's *Grow Our Own* vision. Every other year, a small cohort of students is admitted allowing the program director and faculty to work within a small, student-centered environment where American Indian culture and lifeways are integrated into the unique nursing curriculum centered on the Medicine Wheel paradigm. Clinical education is community based with supportive local and regional healthcare facilities. State approval and national accreditation are extremely favorable. The *Grow Our Own* program was featured in the December 2022 *American Journal of Nursing* and recently in a local KRTV feature. Full job description: [Nurse Education Program Director | Aaniiih Nakoda College \(ancollege.edu\)](#), or call 406-353-3928.

PRACTICE DEMOCRACY. READ YOUR LEGAL NOTICES. THEY'RE CRUCIAL TO DEMOCRACY.

The reason publication of legal notices is required in newspapers is YOU, the citizen. In a Democracy, the government is required to inform you of the public business, because you and your neighbors are the basis for government. These notices provide essential information about all local government entities, including schools, cities, villages, and counties. A Democracy is a system of checks and balances. Your right to know and be informed is a check on government. Public notices shed light on the actions of all governmental bodies, but it's up to you, the citizen, to read them and obtain more information if necessary about the actions that impact you.
